NOTICE IN REGARD TO ADDITIONAL INVENTORS

Sir:

The above nonprovisional application claims the benefit of Provisional Application No. 60/447,987, filed February 17, 2003. However, the nonprovisional application fails to name the three additional co-inventors named in the provisional application, as shown on the enclosed copies of the Provisional Application for Patent Cover Sheet (2 pages) and the Information Data Sheet (2 pages). If the pending claims in the above published nonprovisional application are to be examined and prosecuted, the additional co-inventors should be added by applicant Kenneth W. Broussard because the co-inventors contributed to the structure disclosed and claimed in the nonprovisional application.

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Mail Stop Amendment, Commissioner for Patents, PO Box 1450, Alexandria, Virginia 22313-1450, on
